

Wide Mouth Mason, Bootlegging

I've gotta stop,
Bootleggin' the things you said
Playin' them up in my head
Over and over again
You're driving me crazy

Talking in the words of a man
Smarter than I am
Said, "Kid life's hard
But it's harder if you're stupid."

The record inside my brain
Keeps skipping on your name
And I still carry around the scratch to prove it

I've gotta stop,
Bootleggin' the things you said
Playin' them up in my head
Over and over again
You're driving me crazy
Gotta stop
Bootleggin' the things you said
Telling them all to my friends
Over and over and over and over again

How'd we get to this place
What do I press to erase it
All this endless noise will make me lose it

The winners are winners again
And the losers want to be their friends
But they'll never be the ones who get to chose it

Oh clueless
Out guess
No yes
Undress

I've gotta stop,
Bootleggin' the things you said
Playin' them up in my head
Over and over again
You're driving me crazy
Gotta stop
Bootleggin' the things you said
Telling them all to my friends
Over and over and over and over again

Oh clueless
Out guess
No yes
Undress

Pointless
More stress
Luckless
Excess

I've gotta stop,
Bootleggin' the things you said
Playin' them up in my head
Over and over again
You're driving me crazy
Gotta stop

Bootleggin' the things you said
Telling them all to my friends
Over and over and over and over again
