

Wide Mouth Mason, Mary Mary

Mary, Mary what've you found
While you was making all them sounds
Mary, Mary, what'd you see
Tell me baby did he look like me
Mary, Mary I'm all alone
Just like you or so I'm told
Mary, Mary what've you found
While you were lying with everyone in town

Mary, Mary
You say you want a man like me
To take you places baby that you've never been

Mary, Mary make it clear
Tell me so you know I hear
Mary, Mary tell the truth
Am I walking in some other man's shoes
Mary, Mary I'm all alone
Just like you I'm so far from home
Mary, Mary what've you found
While you were lying with everyone in all around town
