Widelife, All Things (Just Keep Getting Better)

All things just keep getting better You came into my life and my world never looked so bright yeah it's true, you bring out the best in me and now I can clearly see

Days keep getting better Nights keep getting better Days keep getting better Nights keep getting better it's true! it's true true true

When you are around, When you are around All things just keep getting better When you are around, When you are around All things just keep getting better

See it's more than one day (more than one day) That you'll be right here beside me (stay beside me) It's you and all of the things you do that makes everything alright

'Cause

Days keep getting better Night keep getting better Days keep getting better Nights keep getting better it's true! it's true it's true true

When you are around, When you are around All things just keep getting better When you are around, When you are around All things just keep getting better

When we are together baby(together baby) oh yeah things keep getting better.
Better baby better baby,
When we are together baby, 'gether baby.
things keep getting better baby, better baby.
When we are together...

When you are around, When you are around All things just keep getting better When you are around, When you are around All things just keep getting better

All things just keep getting better All things just keep getting better
