

Wideoboy, Sambucca

When I saw you girl from across the room
You had your eyes on me I had my eyes on you
We went to da bar for a sambucca
you gave me your number and you took my number
When I saw you girl from across the room
You had your eyes on me I had my eyes on you
We went to da bar for a sambucca
you gave me your number and you took my number
I say if you wanna put of with the good boys
you better give it to me like a real man should
Music arrest took it the trash to it took it to the rest contest
the beat the beat e double n l s g
drink to drink to and ride it properly
some of them call me Einstein
I'm a lyrical dan,
I'm a lyrical dan,
I say if you wanna put of with the good boys
you better give it to me like a real man should
Music arrest took it the trash to it took it to the rest contest
the beat the beat e double n l s g
drink to drink to and ride it propley
some of them call me Einstein
I'm a lyrical dan,
