

Widespread Panic, Send Your Mind

While you're out there on the highway
While you're driving roll on by
Going south between the bridges
While the river running dry
And if you can't come home
Please send your mind

Well now you're talking
Where are you going
On the train that just rolls
Across the nation past the station
And the night is as black as coal
And if you can't come home
Please send your mind

Are you healing on your heartbeat?
Are you heading between the sheet
And the signs from the lamppost
On the corner of the street
And if you can't come home
Please send your mind

Send your mind, please, little darling,
Little darling, send your mind
Send a little money too
Little darling, send your mind
I'm coming home...
