

# Wiktoria Viki Gabor, Escape

Nah - nah  
You want me,  
No, you don't know me  
Nobody controls me!  
Yeah  
No no, I won't take it slow slow

Tell me if you follow..

I'm young and I'm living my life  
Yes, I'm livin my life  
I wanna have fun, If I wanna get crazy tonight  
I get crazy tonight!

You think you can escape  
But I am onto you  
You wish you can escape  
But I am onto you  
You think you can escape  
But I am onto you  
No, no you can't escape  
'Cause I am onto you  
Onto you

Got you caught up in my game, no shame  
Just messing with your brain!  
Do you like what you see when you look at me  
Tell me, do you feel me?

I'm young and I'm living my life  
Yes, I'm livin my life  
I wanna have fun, If I wanna get crazy tonight  
I get crazy tonight!

You think you can escape  
But I am onto you  
You wish you can escape  
But I am onto you  
You think you can escape  
But I am onto you  
No, no, you can't escape  
'Cause I am onto you  
Onto you

Come closer, come closer to me  
Close enough to feel ya!  
Why is it so hard to see?  
I'm onto you!

Not finished yet, just started somethin' you won't forget  
Let's get all set -  
How about a party on my private jet,  
Don't play hard to get  
And now you imagine let's getting all wet  
I know we just met  
No need to sweat baby  
I ain't no threat

You think you can escape  
But I am onto you  
You wish you can escape  
But I am onto you  
You think you can escape  
But I am onto you

No, you can't escape  
'Cause I am onto you  
Onto you
