

# Wiktoria Viki Gabor, Time

Reaching my limit for the night  
Your touch is keeping me alive  
We can keep it on the low  
I'm like no one you've ever known  
When you gone read between the lines

take me way up  
I don't need no reason  
wanna take the ime with you  
to go the extra mile or two  
you got me so gone  
drunk on your attention  
I've been waiting all noght  
with something you might like

I could make it worth your time time  
I could make it worth your time baby  
I could make it worth your time  
tell me why you keep on waiting  
I could make it worth your time time  
I could make it worth your time baby  
I could make it worth your time  
give up all night if it's me your feeling

I am just too good and honestly  
I wanna feel youu next to me  
face to face won't let you go  
make it unforgettable  
I'll show you how it's meant to be
