

Wila Ford, Dare

What do they see, looking at you could they see a dare?
Dazzling eyes and wondering minds are hugging after you
as you standing there as he steps your way, steps accross the floor
Comming onto you, here is what you do, do exactly what i say
Lasting lady, show me what they really want...follow me

see what they really want nasty, nasty, nasty, nasty
and what they really need nasty, nasty, nasty, nasty
now listen to me say it nasty, nasty, nasty, nasty
now say it next to me nasty, nasty, nasty, nasty

Listen up boys, you should know i dont believe in something could be wrong,
(show them how came from)

How to own you, the'll control your thoughts and lontour dreams.
as you standing there as he steps your way, steps accross the floor
Comming onto you, here is what you do, do exactly what i say
Lasting lady, show me what they really want... and follow me (my baby)

and what they really need nasty, nasty, nasty, nasty
now listen to me say it nasty, nasty, nasty, nasty
now say it next to me nasty, nasty, nasty, nasty
