

# Wilburn Brothers, I Can't Keep Away From You

By your side each minute's where I wanna be  
Can't get you off my mind and let it rest in peace  
So every step you make I wanna make it too oh I can't keep away from you  
I don't care where you are as long as you're with me  
You're every dream I dream you're every breath I breathe  
My shadow follows you loves everything you do why I can't keep away from you  
Oh I can't keep away from you I couldn't if I wanted to  
No matter how I try or what I do  
You've got my heart and soul that's why I need you so  
You're holding on to me I know I can't let go  
But all what I go through to prove my love is true oh I can't keep away from you  
( steel - ac.guitar )  
Every step you make I wanna make it too oh I can't keep away from you
