

# Wilburn Brothers, I'm A Long Gone

I'm a long gone that's what I'll be  
Gonna find me a girl and a brand new world  
I'll forget about you you'll forget about me

Well you're leavin' me you ain't comin' back  
You're goin' to live across the tracks  
Go right ahead that's what you like  
Ain't gonna find nothin' but an empty house if you ever come back  
I'm a long gone...

( steel )

Well a big white house with flower beds  
And satin pillows underneath the head  
Well I cross the tracks the money runs free  
Run right along to be fancy free you don't worry bout me  
I'm a long gone...  
I'm a long gone...
