

# Wilburn Brothers, I'm Leavin'

Same old places same old faces I'm even tired of this air I'm breathin'  
So I'm leavin' in the mornin' before the sun can get too high  
I won't waste time wavin' bye don't know where I'll go or why but I'm leavin'  
Had my share of flowers fair but women and love ain't what I'm needin'  
So I'm leavin' in the mornin' it's nothin' no one's said or done  
I just need a new track to run this town's clean out of fun so I'm leavin'  
Now life ain't been mean to me sometimes I wish I could say it had  
But I could just never seem to settle down and you know that's sad  
So I'm leavin' in the mornin' I keep thinkin' on down the line  
My place in life I'll find if I don't run out of time I'm leavin'  
Same old places same old faces I'm even tired of this air I'm breathin'  
So I'm leavin' in the mornin'
