

Wilburn Brothers, I've Got That Hurt On The Move

I've got that hurt on the move it's leavin' there ain't gonna be no more grievin'
Find 'em fool 'em and leave 'em I've got that hurt on the move now it's leavin'
I've got that hurt on the move now at last but it sure ain't movin' very fast
Every day seems a hundred years or more I've got that hard hurtin' hurt on the door
I've got that hurt on the move now it's goin'
(guitar - steel)
Have the tears from my eyes had stopped flowin'
And the dreams you'll come back had stopped growin'
The pain from your name has stopped showin'
I've got that hurt on the move now it's goin'
I've got that hurt on the move...
I've got that hurt on the move now it's goin'
