

Wilburn Brothers, It's Gonna Take A Little Time

It's gonna take a little time a little time take a time take a little time to forget you
The nights I cry over you baby are more than just a few
Soon that'll be over and I'll love you no more I'll find somebody too
It's gonna take a little time a little time take a time take a little time to forget you
It's gonna take a little time to become and custom to your kisses uh huh
It's gonna take a little time for me to forget you but I'm gonna forget you uh huh
(ac.guitar)
My heart could go on a lovin' you baby and keep me feelin' blue
I've gotta buckle down to the problem at hand make myself to forget you
It's gonna take a little time a little time take a time take a little time to forget you
It's gonna take...
It's gonna take a little time uh huh
