

# Wilburn Brothers, Just To Be Where You Are

Just to be where you are that's enough for me  
Just to be where you are that's happiness for me  
Anyplace anywhere I'll be happy if you're there  
That's my heart's desire just to be where you are

I may never see fortune smile for me or behold my name in marble halls of fame  
But if in your heart my name's the only one  
Then I'm satisfied I found my place in the sun  
Just to be where you are...
