

Wilburn Brothers, Land Of Heaven

The land of heaven sweet land of heaven
You'll find heaven in your heart when you walk with the Lord
And you love livin' in the land of heaven where you live with Jesus and his word

If you're feelin' tired and weary and the road seems long and dreary
If you're livin' a world that's full of sin
Just put your trust in God he'll help your feet to trod
To a land where you'll find joy and piece within
The land of heaven...

(dobro)

There was somethin' I once needed when I left the cold and heated
And then I'll let my Jesus take my hand
Because I do believe a blessing I'll receive
One day I know he'll take me to that land
The land of heaven...
