

Wilburn Brothers, Please Don't Tell Me

Now I know that you've known others long before me
And it hurts me deep inside but even so
I will never bother you by asking questions
Cause to tell the truth I just don't want to know
Please don't tell me please don't tell me of your loves before we met
Even if I could forgive I'd not forget

(piano - steel)

There are times I know you're thinking of another
And I'm jealous of these mem'ries from your past
But the things that I don't know will never hurt me
Though I'm not the first I want to be the last
Please don't tell me...
