Wilburn Brothers, She's Lookin' Better By The Mil

She's looking better by the minute and I don't know what's in it That makes the drink turn a poor boy's head

She's not much to look at a little old and a little fat But I'll hang around and have a beer or two For I know if I'll drink enough she won't look quite so rough It's amazing what a little beer can do

She's looking better by the minute and I don't know what's in it That makes the drink turn a fellow's head She's looking better by the minute I guess they must've been bended it To go right to a poor boy's head

She don't looks so awful bad considerin' in all this beer I've had As a matter of fact guess I could do worse I could take the six-packs home but I sure hate to drink alone And it takes more than beer to clinch my thirst She's looking better by the minute... (steel) In the darkness of this bar she looks like a movie star That goes to show how wrong the guy can be I guess I'd better pick her up fore I start to sober up We'll have a ball this movie star and me She's looking better by the minute... To go right to a poor boy's head
