

# Wilburn Brothers, There's Gonna Be Some Changes

( Ernest Tubb )

I come home worked hard all day find that you've done spent my pay  
And there's gonna be some changes made around here  
House messed up ain't nothing cooked find you wait your nose in a book  
And there's gonna be some changes made around here  
Now I guess you thought I'd just go on and let you have your way  
But good gal you're really wrong the world has turned today  
I feel as mean as I can be don't you even found at me  
Cause there's gonna be some changes made around here

( guitar )

Now I bought you clothes and a brand new car travel along and away too far  
And there's gonna be some changes made around here  
Every dog must have its day this is mine so cleared away  
Cause there's gonna be some changes made around here  
Now if you think I'm kiddin' you you're silly as can be  
For good gal it just won't do things that you've done done to me  
Here's your clothes and there's the door what a heck of you're waitin' for  
Cause there's gonna be some changes made around here
