

Wilburn Brothers, This Hurt You're Causing Me

Am I causing you to cause this hurt you're causing me
Am I of the kind of loving man I ought to be
Am I just a simple jealous fool too blind to see
Am I causing you to cause this hurt you're causing me
If I seem too jealous at times it's because I feel so blue
For I've had an awful feeling lately that I'm losing you
Am I ought to blame for all my pain and misery
Am I causing you to cause this hurt you're causing me
(piano)
Have I let you down in ways that fools like me can see
Am I causing you to cause this hurt you're causing me
