

# Wilburn Brothers, Trouble Keeps Hangin' Around

My troubles never seem to end they go on forever more  
Though I'm smiling I pretend troubles keep hangin' round my door  
What have I done that's been so bad why can't I ever smile no more  
Worried mind that's always sad trouble keeps hangin' round my door  
( ac.guitar )  
All my life I've been so blue with the heart that's sick and sore  
I can't keep smiling when I'm blue trouble keeps hangin' round my door  
Trouble keeps hangin' round my door
