

# Wilburn Brothers, What's Wrong

What's wrong what's wrong don't you love me anymore  
You've never talked to me this way before

Lately you've been treating me unkind I wonder just what you got on your mind  
Have I somehow caused you misery or is it you're just getting tired of me  
What's wrong what's wrong...

( guitar )

Please won't you tell me why you act so strange

It's not hard to see there's been a change

I won't stand in the way of what you do

But no matter where I stand I still love you

What's wrong what's wrong...

You've never talked to me this way before
