Wilco, Can't Stand It

"The way things go
You get so low
Struggle to find your skin
Hey ho
Look out below
Your prayers will never be answered again

Phones still ring
And singers sing
Speakers are speaking in code
What now
Well anyhow
Our prayers will never be answered again

(Chorus)
You know it's all beginning
To feel like it's ending
No love's as random
As God's love
I can't stand it

The way things get
You get so high
Funny how we make new friends
Hey ho
I gotta go
Our prayers will never be answered again

(Chorus)

Speakers singing
Speakers speaking
Speaking in code

You know it's all beginning
To feel like pretending
No love's as random
As my love
I can't stand it

Your prayers will never be answered again
Your prayers will never be answered again
Your prayers will never be answered again
Your prayers will never be answered again
"
