

Wilco, Either Way

Maybe the sun will shine today
The clouds'll blow away
Maybe I won't feel so afraid

I will try to understand
Either way

Maybe you still love me, maybe you don't
Either you will or you won't
Maybe you just need some time alone

I will try to understand
Everything has its plan
Either way
I'm gonna stay
Right
For you

Maybe the sun will shine today
The clouds'll roll away
Maybe I won't be so afraid

I will understand
How everything has its plan
Either way
