

Wilco, I Must Be High

You
Always wanted more time to do
What you
Always wanted to do
Now you got it and I
I must be high
To say goodbye
Bah bah bah bah
You
Never said you needed this
You're pissed that you missed
The very last kiss
From my lips and I
I must be high
To say good bye
Bah bah bah bah
You
Never looked in my eyes
Long enough to find
Any peace of mind
But now you got it and I
I must be high
To let you say goodbye
I must be high
bah bah bah bah
bah bah bah bah
