

Wild Animal Party, Zombies

Let's stay in tonight.
Put on a kettle, keep the fire bright.

We won't walk down the street like we're dead.

That's not your Mama.
That's not your Pa.
That thing's no longer a child of God.
They will chase you, they will hate you.
They will try to destroy your brain.

Babe, I know you're tired.
Try to stay awake.
Keep praying, watch the darkness shaking.
If we make it to the morning I guess we'll be okay.

Please stop crying.
They're so far from dying.
Hell's waging war, they want flesh and they want yours, stay close.

Let's stay in tonight.
Put on a kettle, keep the fire bright.
Let's hold hands all night.
We'll do our best to stay alive.
