

Wild Orchid, Be Mine

Showin' it, flowin' it, doin' it right
Cuz you can't connect if you be polite
Come a come say that you'll be mine

You can send it in a bottle, or even by U.P.S.
Send it in a telegram, just make sure that it gets here fast
You can mail it in a letter, call me up on the telephone
Have it written in the sky, can't you see that I'm dying to know

Yeah, it's O.K. that you're a little shy
Cuz there's a thousand and one ways
To say what you wanna say

Chorus
All I want is a message
All I need is a sign
Baby, just give me a signal
That you're gonna be mine
Gonna be mine

Have it printed on a billboard, or e-mail me on the net
Dedicate on the radio, or send it by Fed Express

You know I've been waiting so patiently
Don't go and waste precious time
Cuz I can't read your mind

When you're with me, I barely breathe
I just can't speak what I feel
Say the words for me
