

Wild Orchid, Come As You Are

(verse 1)

Shelter my feelings, stand by my side
You need no alibi
Show your emotions, give me a sign
Let me know that you're mine

Be my lover, be my best friend
Oh baby, save me when I fade
And I will always love you
I promise I'll be true to you..if you..

(chorus)

Come as you are
Don't change a thing
Here is my heart
Just walk right in
Come as you are
Don't tell me lies
And i'll be yours
'Till do us part

(verse 2)

Now there is a heaven, it's in your eyes
Where I have no disguise
Please, please don't mislead me
Rescue my pride
Show me you're really mine
I want you for me, no questions asked
Don't need to know, 'bout your past
'Cause I will always love you
I promise i'll be true to you..if you....

(chorus till fade)
