

Wild Orchid, I Won't Play The Fool

(Sylvia Bennett-Smith)

The stage is set so let the curtain rise
As for the ending my dear that's for me to decide
You may think you know the role that I play
You'll be so surprised when it's not that way

I won't play the fool anymore
This time I walk out the door
And leave you standing here all alone
This time I find on my own
Someone who loves me
'Cause I, I won't play the fool anymore

No more dramatic scenes, only a short goodbye
To all the lonely nights to all the good times
I found it in my heart to love
Now I must find the strength to go
Too late for happy endings
Now it's time you know
It's time you know, it's time you know

So let me dry your eyes, it's gonna be alright
But understand me when I say
It's time that we make a change
You don't have to lie no more - try no more
'Cause baby one thing's for sure...
I won't play the fool anymore...
