

# Wild Orchid, Talk To Me

(Group) Talk to me  
Talk to me  
Talk to me tonight about love

Verse One: (Stacy) Hey now just what are we feeling  
Is this more than attraction that we both are dealing with  
And is it in the cards that we stay together  
I recognize the odds against it lasting forever

(Stacy and Renee) There's a message that you're sending I can see it in your eyes  
But I don't know what you're thinking  
I can't read your heart or mind  
(Renee) Come with me we'll make tonight a fantasy (Tonight a fantasy)  
If you say the word,  
I'll take you on a journey

Chorus: (Group) Talk to me  
(Stacy) Tell me what's on your mind  
(Group) Talk to me  
(Stacy) What are you feeling inside?  
(Group) Talk to me  
(Stacy) What are you thinking of?  
(Group) Talk to me tonight about love  
come and talk to me, my baby  
come and talk to me

Verse Two: (Stefanie) Oh, hold me right up against you  
cause when you groove up close to me I'm feeling the rhythm  
Just whisper in my ear what's going on inside you  
I just wanna hear if you're feeling like I do

(Stacy and Renee) Open up your heart there's nothing I want more  
show me the light and tell me what you came here for  
(Stacy) Don't keep it yourself just improvise(just improvise)  
lose yourself, tell what your feeling inside

(Repeat Chorus)

(Stacy and Renee) There's a message that you're sending  
I can see it in your eyes  
But I don't know what you're thinking  
I can't read your heart or mind  
(Stacy) If you wanna make tonight a fantasy  
just say the word,  
I'll take you on a journey

(Repeat Chorus)
