

Wild Orchid, What's Good For The Goose

(Chalk Daddy) Ivette, Rosanna, Maile, Ana Maria, Nicole.
I'm hangin out with the fellas. Is that alright? That's good.

Baby
Yeah

You wanna hang with the boys tonight
Waiting right here for you
Want to know how I feel, here's the answer
What's good for the Goose is good for the Gander

Mean what you say
Mean what you do
'cause it could all come back to you (It's ok)

I know your games
I've played them too
But how it ends is up to you (How it end's is up to me)

Wanna come to my house late at night
Whatcha gonna do, whatcha gonna do

Don't go looking now to start a fight
It all comes back to you

You wanna hang with the boys tonight
Waiting right here for you
Want to know how I feel, here's the answer
What's good for the Goose is good for the Gander

You wanna hang with the boys tonight
Waiting right here for you
Want to know how I feel, here's the answer

What's good for the Goose is good for the Gander

I told you everything you want to do
Yo I can do it too
Yeah

And be careful how you size it up
'cause the shoe can fit me too

Be careful what you say and not what you do
Whatcha gonna do whatcha gonna do
Expect everything you say to be true
That won't do, that won't do

How you going to lie while I wait for you
Whatcha gonna do, whatcha gonna do
One day it's gonna come so whatcha gonna do
It's gonna come back to you

(Black Dun: You know I mean what I say ma, but you gotta speak your mind,
I'm only out in these streets when I'm on the grind
Don't get this thing twisted, I'm all for you
I hit the mall when I ball 'wit you. I only fall for you
And that's why we're down for life, I wanna make this all right tonight
But you gotta help me 'cos we gotta work this out
Take our problems and turn them out. It'll be no doubt.)

You wanna hang while ..
Waiting right here for you

Want to know how I feel here's the answer
What's good for the Goose is good for the Gander
