

Wild Strawberries, Wake

Wake

by Wild Strawberries

Tell me what I need to hear
And I'll believe you
We've been doing this for years
And it shows

I don't care what people say
All I want to do is wake you
When I wake you

I know when we smell the same
It's official
I know you can guess my thoughts
Before me

I don't care what people say
All I want to do is wake you
When I wake you
When I wake you

I'd never knew how to love
Before I met you
We've been doing this for years
And it shows

I don't care what people say
All I want to do is wake you
When I wake you
All I want to do is wake you
All I want to do is wake you
All I want to do is wake you
All I want to do is wake you
All I want to do is wake you
