Wildhearts, Beautiful Thing You

And in the time it takes to feel I could swear that you get closer every day And my only hope is when it all comes real I don't fuck it up and throw it all away

'Cause every time the chaos starts Time after time The message screams into my heart We're always an ocean apart (You're always in my heart)

Well I console myself that life is throwing spears There's a growing of the spirit deep inside And a part of me has felt it getting near Trying patiently to brave the great divide

And if I fall I won't look down I'll face the sky I'll be there second time around To practice the balance I've found (I'll always be around)

Always an ocean apart (You're always in my heart)
