

Wildhearts, Drinking About Life

I can be anything I want to be
Anything you hate in me
Multiplied by twenty three
Sometimes in my head
I think I'm someone else
That makes me feel bad
Badder than before

It's my life
My time
I can do what I wanna do

When did I
Give you an invite
To come round here
Make me feel bad
Badder than before

It's my life
My time
I can do what I wanna do

It's my solo party
It's my body
And if I choose to abuse it with my lifestyle and my music

What the fuck?
I can't lose
It's my life
Why is it I can not keep you far enough away?
