

# Wildhearts, Drinking About Life

I can be anything I want to be  
Anything you hate in me  
Multiplied by twenty three  
Sometimes in my head  
I think I'm someone else  
That makes me feel bad  
Badder than before

It's my life  
My time  
I can do what I wanna do

When did I  
Give you an invite  
To come round here  
Make me feel bad  
Badder than before

It's my life  
My time  
I can do what I wanna do

It's my solo party  
It's my body  
And if I choose to abuse it with my lifestyle and my music

What the fuck?  
I can't lose  
It's my life  
Why is it I can not keep you far enough away?
