

# Wildhearts, Friend For 5 Minutes

All alone, cover your self opinion  
Then you amuse me but mostly yourself  
In your hell, hell is waiting for a pillows inside of your head's out the wall, everlone  
Ooo-oo

Be my friend for five minutes, five minutes, five minutes, that's all you can  
Be my friend for five minutes, five minutes, five minutes, that's all you can  
Be my friend and leave me alone

Draw the line for yourself you do it  
Kindly most interesting but some arrive  
In your mind, you can talk about the world in a bombshell, that's how you survive
