On and on you wait so long
It only takes a word if you found where it went wrong
Fists, gists and communists
I feel like a log, it's a dog in onyx
Take a while and adjust a-myself
Ooh, it was something else

Well it was something else

If life
If life
If life
If life
If life
If life
If life
If life
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft

And it was some thing else

Well it was something else

If life
If life
If life
If life
If life
If life
If life
If life
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
Yeah!

Everyone will take it 'til there's nothing left to give
Shiiiiittt!!

If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank
