

Wildhearts, It's All Up To Me

I'm not saying that I know, I've just been here before
It's one of those things where the scratches heal
And the scars don't show

And if trouble I see then trouble I'll get
There ain't been a kind of trouble designed
That can kill me yet

I'll never let you know
'Cos I never know when it begins
The climb, the test of time, the best design and it's free

And it's all up to me
I just need to be reminded
It seems to be unkind that I blame it on you
When it's all up to me
I just need to be reminded
It seems to be unkind that I blame it on you
When it's all up to me
I ain't about to let it be, that'd be crazy

They say the harder they come, they say the harder they fall
This one's hard as a hand grenade
In a cannon ball

And if trouble I see then trouble I'll get
They're gonna have to take the best of me
'Cos I ain't done yet

I'll never let you know
'Cos I never know when it begins
The climb, the test of time, the best design and it's free

And it's all up to me
I just need to be reminded
It seems to be unkind that I blame it on you
When it's all up to me
I just need to be reminded
It seems to be unkind that I blame it on you
When it's all up to me
I ain't about to let it be, that'd be crazy
