

Wildhearts, Mood Swings And Roundabouts

Up and down
Rock and ride
And around and around and around and around

Mood swings and roundabouts
It's all mood and swings and roundabouts
It's all mood swings and roundabouts
It's in your head, man
Sort it out

I'm sure that I can't change
Get up, get around, get up, get around

Mood swings and roundabouts
It's all mood and swings and roundabouts
It's all mood swings and roundabouts
It's in your head, man
Sort it out
Sort it out

I've got a headache
Get up, get up, get up, get up
Get up, get up, get up, get up
La la la la-la-la yeah, yeah
Oh, fuck it!

Mood swings and roundabouts
It's all mood and swings and roundabouts
It's all mood swings and roundabouts
It's in your head, man
Sort it out
Bastard!
