

# Wildhearts, Naivety Play

watch yourself... here it comes... aaaaah...

try to run and you try to hide, hide your face in the other side  
sycophantic or paranoid? suck on the milk of your plan destroyed

CHORUS:

tell me

where, where, where the f\*\*k you been?

where, where, where?

where's the world through your palace walls? Babylon in the bargain stores  
naive says naive guess the rest, life's a play to the soon impressed

CHORUS:

tell me

where, where, where the f\*\*k you been? (x3)

the more I see is the less I learn (x3), the less I feel is the more I burn

CHORUS:

tell me

where, where, where the f\*\*k you been? (x3)

((where... where...) oh yeah)
