

Wiley, Wearing My Rolex

What would we do
Usually drink, usually dance, usually bubble
All I want to do is tell you I love you
That's when I start promising the world to
A brand new girl I don't even know yet
Next thing she's wearing my Rolex !

Too much champs, don't know where my phone is
Here's my number, she already knows it
This chapter's a lot, better close it
Just a look in her eye was so evil
Wiley's a party guy and she knows it
