

Wiley, Wearing My Rolex (Radio Edit)

What would we do
Usually drink, usually dance, usually bubble
All I want to do is tell you I love you
That's when I start promising the world to
a brand new girl I don't even know yet
Next thing she's wearing my Rolex

What would we do
Usually drink, usually dance, usually bubble
Usually drink, usually dance, usually bubble
What would we do

All I want to do is tell you I love you

All I want to do is tell you I love you
That's when I start promising the world to
a brand new girl I don't even know yet
Next thing she's wearing my Rolex
Too much shanks don't know wear my phone is
Here's my number, she already knows it
This chapter's a lot, better close it
Just a look in her eye was so evil
Wiley's a party guy and she knows it
