Garage I don't care about garage
Listen to this - it don't sound like garage
Who told you that I make garage?
Wooly Kat'z got his own style s'not garage
Make it in the studio but not in the garage
Here in London there's a sound called garage
But this is my sound, it sure ain't garage
I heard they don't like me in garage
Cause I use their scene but make my own sound
The Eskimo sound is mine recognise this its mine
You can't claim what's mine
It's my time to beat you up
I don't hate you but some of you have got a problem
I'm puttin you outta business why is that a problem
What's your problem?
What the heck my name is problem, remember
What do you call it garage?
(What do you call it garage?)
What do you call it urban?
(What do you call it urban?)
What do you call it 2step?
(What do you call it 2step?)
What do you call it, tell us what you call it then
Why do that think I'm stupid
I got brains I could never be stupid
You can never use my name to make your raves 'n' jam
I won't turn up, I'll stay at home with my girl 'n' jam
Can't threaten me with that bad boy talk I'm not scared sorry man
I've seen too much I don't give a monkeys
Swing from tree to tree just like monkeys
Who influenced me to be funky
Who influenced me to make Eski beat
I've made Eski girls 'n' Eski boys
Movin there feet to the sound you can hear
You can hear I hear you tryin to stop my record sales
Record deals like the belt can't hold the waist in
If it gets too big and it's tremblin those pots
It blows up and we win (I'm winnin)
Ready to say my goodbyes
Goodbye to the man who don't like me
Goodbye to the woman who don't like me
Goodbye to the fingers pointin at me
Goodbye to the promoters that hate me

Goodbye to the people that's hasslin me
I'm turnin over a new leaf
Get sharp like a knife in the streets
Cut the strings and theres no beef
If you don't cut the strings theres more beef
See I get the impression I'm not wanted
So I'm givin you the sound that??s not wanted
Thats what i wanted
I'm on my way now
Wish me luck I'm doin my thing now
