

Wilkes Jonathan, Jonathan Wilkes

You really seemed to lost ya way,
Its your first date and your gonna be late,
All the traffic lights are red,
The feeling your head says go back to bed,
Through the window everything seems right,
That's life on the other side!
Hope you get there just in time

While the world goes round,
And round and round and round
We're all the same on this merry go
Round and round and round and round
Your not alone we're all together
Night and day, sunshine and rain
Life was always meant to be that way,
This is just another day.

Well you don't know what to do
Its question 2 and you haven't got a clue,
You're just waiting for the bell to ring,
At least something to stop this happening,
Through the window everything seems right,
That's life on the other side!
You'll find the answers just in time

While the world goes round,

And round and round and round
We're all the same on this merry go
Round and round and round and round
Your not alone we're all together
Night and day, sunshine and rain
Life was always meant to be that way,
This is just another

Days you wish that could go on forever,
Days you wish are never gonna end,
There the times that make me smile,
Days just like any other!

Wow, wow, wow

While the world goes round,
And round and round and round
We're all the same on this merry go
Round and round and round and round
Your not alone we're all together
Night and day, sunshine and rain
Life was always meant to be that way,
This is just another day

Round and round and round and round and round
