

Will Downing, Angel

oooooooooooo uh uh oo a
Na na na na na na
Na na na na na na

I lay awake while you sleep
Counting every breath you breathe
Girl, I just can't close my eyes
'Cause you are sooooooooo
Beautiful to me
I hold you near in my arms
I pray the morning would never come
Heaven must have sent you to me
'Cause you're much more than I could ever dream

(Chorus)
(I found an angel)
Here in my life
(And I found an angel)
And you were here all this time
(I found an angel)
Laying right by my side tonight

I run my hand through your hair
And all my thoughts seem to disappear
There's no one else in the world
Only you, only me
Such sweet melody
I said I love you before, yes I did
But tonight those words
They mean so much more
Promise you'll always stay
Forever and a day
I promise to love you
Like never before
I found

(Chorus)
One thought of me
Making love to you
And I start going out
Of my head
I found an angel
I know that it's true
Right out of my dreams
You were sent here for me

ooo ooo ooo ooo ooo
No no no no no no no no
No no no no no no no no

Sent to me from heaven above

(Chorus)
Never going to let you go my angel
