

# Will Hoge, Someone Else's Baby

I know ashes slowly burn  
But every fool has a lesson that's hard to learn  
It's a desperate plea but I must say  
Oh God help me make it just one more day

There's a glass on the table beside my bed  
Where I sleep with a bottle and I wake up dead  
I got a hole in the bottom of both my shoes  
Hey my step's been heavy since I heard the news

And I know just what you'll say  
When I tell you that I'm sorry that I let you get away  
Well you'll know I found out  
That you're someone else's baby now

I see you when I walk down the street  
Your smile's in the face of everyone I meet  
Oh and it tears me up to know that he's touching you  
And learning all the secrets that I once knew

Do you still leave your clothes piled on the floor  
Maybe now you're different than you were before  
You got a new way of walking and a different kiss  
Oh to keep you together on a night like this
