

# Will Mellor, When I Need U

Ooh ooh , now

When I need you I just close my eyes & I'm with you  
And all that I so wanna give you is only a heart beat away

When I need love I hold out my hands & I tuch love  
I never knew there was so much love  
It's keeping me warm night & day

Miles & miles of empty spaces between us  
The telephone can't take the place of your smile  
But you know I won't be traveling a life time  
It's cold out but hold & do like I do

When I need you I just close my eyes & I'm with you  
And all that I so wanna give you ,baby , is only a heartbeat away

It's not easy when the road is your driver , but honey  
That's the heavy load that we bear  
But you know I won't be traveling a life time  
It's cold out but hold & do like I do  
Oh , I need you

Oh , now now

When I need love I hold out my hands & I touch love  
I never knew there was so much love  
It's keeping me warm night & day

When I need you I just close my eyes  
And you're righ heer by my side  
Keeping me warm night & day

Well , I just hold out my hand , see I just hold out my hand  
And I'm with you darling  
Yes , I'm with you darling
