

Will Smith, This Boy Is Smooth

Well I was cool and sitting by the phone and waiting for
A ring with a female voice or a date or
An invitation to a nightclub for some minglin
But ahh
My phone started jinglin
Picked it up
I checked the rolex first
I call one of my regulars worst come to worst
I said hello
But the voice sounded nervous
Baby relax fp at your service
The girl spoke up and her voice sounded very nice
I met you last week at that club called the paradise
I said yeah babe I'd like to go their again
Get dressed and you better be flossy at ten
Hung up the phone and checked the mirror
Sort of like esp I could hear her
Heart beating encaged with the groove
And all I could say to myself was
Damn this boy is smooth

So I pulled up to the club at the gate where they let celebs in
Entre booted a porsche 9-11 then
Girls took a look at me and started to break
Ladies come down I've already got a date
Cruised up front and I was happy to find her
Tantalising tasty tune named tanya
I said ay yo babe lets not go in the place yet
Come on hope in I got luther in the tape deck
I kicked the gift and the girl was like silly putty
She said lets go some place and chill I said really honey
We went to the beach to take a little walk
I found out I was smoother than I thought
My hands like maverick started to wander
Left and right then wound up behind her
Face to face and chest to chest and ohh like a spindle of silk
Yo this boy is smooth

Here it is
Verse trace
Back at my place
The scene was set because I set it before I left
Girl im like a tool grab me and use me
Where do you want me by the fireplace or the jacuzi
I never slipped yo I got my grip like a handle
Turn down the lights and lit up a candle
A bottle of chilled champagne right beside me
Radio booming pumpin the isley
Maybe I'll grab her and give her a kiss
Or kick her a line on the smooth billy dee tip
Or maybe ill take her outside where the pools at
Smack it up flip it naa im too cool for that
Ahh I know what I'll do
Hold her tightly and caress for a little while
Make it gentle and slow not faster
Pause for the cause and heres a word from the master

Yo I'm the j-a-double z-jazzy
Smooth as self smooth than I have to be
knowing acknowledged recognised that that's the king of the groove
and I'm the man that blessed FP is smooth

ay yo j take me out
