

Will Young, Dance The Night Away

People get the wrong impression
I wonder if they change their minds
It's an understated sign
Tell me how you see me again
Now we're swinging to the time
It's a meeting of the minds
It's all unbelievable
Look to play it how we say it
If you're meaning to delay it
Hang on
Cos we're moving all around

Chorus
It's up when the party's over
And we want to free our minds
Now I'm telling you there's no hurry
Cos we're choosing to groove
It's so cool to dance the night way

I choose to live a good life
Have a good time and enjoy the ride
Turn it up, break it down, move on
High times took a good turn
Spinning it around cos you gotta learn
To rectify, justify this song

Now we're swinging to the time
It's a meeting of the minds
It's all unbelievable
Look to play it how we say it
If you're meaning to delay it
Hang on
Cos we're moving all around

Chorus x3
