

# Willard Grant Conspiracy, Work Song

There is a stone  
And 100 yards away  
There is a rock  
There is a house  
And on the other side  
There is a stream  
Where we cool our feet  
When we get home

(Chorus:)  
When we get home  
Home from work  
When we get home from work

Victorville  
Seems so far away  
Out on the edge  
Of the Mojave  
We light a fire  
With tumble weeds  
Cast out our shadows  
Like Joshua trees

(Chorus)

Every night  
At 10pm  
We find a bed  
Lay down our heads  
The warm wind blows  
Against the window shade  
And we dream about  
Moving away

(Chorus)
