

# William Bell, Everyday Will Be Like A Holiday

Everyday will be like a holiday  
When my baby, when my baby comes home

Now she's been gone  
for such a long time  
ever since she's been gone,  
she been on my mind

I got a letter today,  
just about noon  
she said, "Don't worry, I'll be home soon"

Everyday will be like a holiday  
When my baby, when my baby comes home

I'll never have to worry  
about sitting by the phone  
when she gets here  
I'll never be alone

She said she'd get here sometime today  
I know when she gets here  
She'll never go away

Everyday will be like a holiday  
When my baby, when my baby comes home

Everyday will be like a holiday  
When my baby, when my baby comes home
